Dear Anne

Prize Boat in the stage -
em a' most a light abolitionist - I see
Morton left only 400.000 at the very outside.
Mrs Thomas & her Husband (separated 22 years)
have come together again. As a prince (his
professions of abolition) justified it) to help
me work the Lib Bell. He said he would go
see Francis Jackson whom he had known
& worshipped he intimated / for a long time.
The make-believe! was my inward exclamation. However
the Lord may open wh. / found the enclosed letter.
Send the thing forth with.

All well in town -
a tea (Southwicks & Co) at Channing St. this after-
noon. Quite a lot of news for you for 2 hours
